Incoming Post-Doc applications

Post-doc researchers who are interested by a two-year position in the Laboratory of Acoustics may apply the fellows programme of the SRC-ST.

The Research Council for Sciences and Technology (SRC-ST) of University of Liège (ULiege) currently provides a fellows programme that supports incoming post-docs who want to develop their research at ULiege in Sciences, Technology, Engineering, Agro-Biotech, Materials (STEMA) and related disciplines.

More information is available at: https://www.recherche.uliege.be/stema2019-guide

This fellowship relies on a bottom-up approach: Applicants define their own research project in cooperation with their host unit. It is therefore advisable to first send a motivation letter and a CV to Professor Embrechts at jjembrechts@uliege.be.

Main conditions are:

- PhD obtained abroad after 1 October 2013 or be in a position to obtain his/ her doctoral degree before 15 September 2019. The earliest admissible date of the doctoral degree will be set back by one year per maternity/paternity leave, with a max. of 2 years;
- meet the conditions for being allocated a “foreign post-doctoral grant” in Belgium, i.e. not have lived or worked in their main job in Belgium for more than 24 months in the past 3 years before the start of the fellowship,
- develop full-time unconstrained research at ULiege and not perform any other paid work for ULiege or a third party (i.e. company);
- not have worked at ULiege for more than 12 months before the start of the fellowship, as foreign post-doctoral grantee or employee.

Deadline for application is 3rd May 2019.
If selected, the fellowship must start between 1/10/2019 and 31/12/2019.
